The **Federal Direct Loan Program** provides loans to college students to assist with educationally related expenses. Subsidized Stafford loans are need-based, and are interest free to the student while enrolled at least half-time; the interest is paid by the government. Unsubsidized Stafford loans are non-need-based loans, and the student is responsible for all interest that accrues from the time the loan is taken out. We strongly suggest that you only borrow the amount you truly need, as these are debts that must be repaid

Annual loan limits which can be borrowed by the student to assist with college related expenses:
